Hi Patrick, attached you'll find the final Chesapeake Bay Phase III Watershed Implementation Plan (WIPs) expectations document that will help guide the development and implementation of the jurisdictions' Phase III WIPs, in coordination with their local and federal partners. Does this address the question you had about the Chesapeake Bay TMDL?

I've copied my colleague Sasha who you'll recall works in our Region 3 office covering Pennsylvania.

Many thanks,  
Elizabeth

Haley, Aaron, and Troy,

Hope you are having a good start to the week.

I would like to thank y'all for facilitating the January 25<sup>th</sup> phone call between my boss and the Administrator. My boss indicated that there would be follow up on the Endangerment Finding issue after the Administrator was briefed on the status

of the rulemaking process. Additionally, my boss indicated there would be follow up on the stormwater/MS4/Chesapeake Bay issue that was briefly discussed. I wanted to circle back and see if there is any additional information on either one of these issues that you can provide me.

Thank you!
